Testimonials

"I loved how I could think outside of the box and try new things that were not listed under the job descriptions. I am grateful for the opportunity to do so."

-MK, TLT Intern

"I think my favorite part was having the creative freedom to work on my own project while also having other assignments at the same time. It was very much what it would be like in the real world."

-SMW, TLT Intern

"My favorite experience was getting to work one on one with Elaine, and knowing that I could comfortably ask questions and that she would be thorough with her explanation. I also really enjoyed being able to create content for TLT's web pages."

-LA, TLT Intern
