Leading Leaders Intern Program

The Leading Leaders Intern Program at TLT- Tomorrow's Leaders Today, Inc provides hands-on remote opportunities to participants ages 15 and older that help them accumulate leadership skills related to their specializations.

These remote opportunities allows many young adults in many locations to engage with business, civic, and community leaders that align with their career choices. Experience is not required, and college credit can be acquired through this internship program if applicable.

"I learned how to work with others and TLT helped me come out of my shell which is very important in my line of work. I also learned new materials from the project that TLT has assigned, and they helped develop my skills."

- A.M., Summer 2022 Impact Management Intern
